DETAILED ACTION

Specification

The objection to the disclosure, outlined in the previous Office Action, is maintained for reasons of record. Applicant's amendment does not include the corresponding generic terminology for the Trademarks.

Claim Objections Withdrawn

The objection to claims 9 and 11, outlined in the previous Office Action, has been overcome by applicant's amendment. The amendment corrects the dependency as appropriate.

112 Rejections Withdrawn, FIRST PARAGRAPH

The rejection of claim 17 under 35 USC 112, first paragraph, outlined in the previous Office Action, has been overcome by applicant's amendment. The amendment cancels the claim.

112 Rejections Withdrawn, SECOND PARAGRAPH

The rejection of claim 17 under 35 USC 112, second paragraph, outlined in the previous Office Action, has been overcome by applicant's amendment. The amendment cancels the claim.

112 Rejections Maintained, SECOND PARAGRAPH

The rejection of claim 10 under 35 USC 112, second paragraph, outlined in the previous Office Action, is maintained for reasons of record. Applicant's arguments have been carefully considered, but are not persuasive.

The phrase "...a reducing agent is further in the reaction..." is unclear because it is ungrammatical. The use of non-standard English grammar makes any clause containing such usage unclear because any particular error in its interpretation, precisely because it is non-standard, may affect the interpretation of the metes and bounds of the claim. While case law recognizes that applicant may be his own lexicographer, it does not recognize that he may also be his own linguist and engage in the invention of new grammars. The examiner respectfully suggests that the phrase should properly be something along the lines of: "...a reducing agent *is used* in the reaction...".

Allowable Subject Matter

Claims 1-9 and 11-16 are allowed for reasons of record.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within

Art Unit: 1621

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
